

FRYLANDS WOOD SCOUT OUTDOOR CENTRE

Public Transport Map

The closest public transport link is the tram stop in New Addington.

Take the tram to the final stop, New Addington.

Cross the road and walk across the green with the large wooden animals until you reach North Downs Road and the Waste Recycling Centre.

Next to the Recycling Centre, you will find a footpath which will take you down the hill (quite steep) towards Featherbed Lane.

Once you reach the bottom of the hill turn left towards Farleigh Dean Crescent.

You will find a bridleway which runs parallel to Featherbed Lane. After about 500 yards go through the kissing gate on your right.

Carefully cross the road to reach Frylands Wood.

The walk should take you between 15-25 minutes depending on ability.
